August minutes reviewed and approved.

OLD BUSINESS: Some discussion about fishing tournament and starting to get prizes.

TREASURER'S REPORT: Presented and accepted.

TOWNSHIP REPORT: Still working on Maston Bridge. Library outdoor movie looked like success. Will find out if there will be more and put on web site.

CLUBHOUSE REPORT: Mark Meritatt took down tree in exchange for clubhouse use on 10/15. We will also give two years' worth of membership.

There was a discussion about the sulfur smell from the water. It was decided it was from the hot water heater and we did not use it enough for a softening system, plus we need to winterize each year.

The refrigerator seal is starting to go. It was decided not to get one until spring, since it will be winterized soon.

ACTIVITIES: This Friday is Happy Hour. Steve Waderack offered to fry fish. Bill will offer cooker. We will also cook chicken and or hot dogs. Steve and Scott will help cook.

We will have a Euchre tournament on October 8 with sign up at 6:30, with start at 7:15.

NEW BUSINESS:

Dave won't be around much until November 1.

It was suggested to have squirrel hunt information and registrations at ice fishing tournament.

It was suggested to do a trash fish spearing contest one night. It will be talked about for next spring.

We will make an effort in spring to get to know marine sheriffs, possibly asking them to do a boater's safety course.
